

# Single Team Criteria for Tournament Play

(Revised November 2020)

1. **Single teams** qualify for tournament play if they play a minimum of a ten (10) game schedule with any Babe Ruth or Cal Ripken park.
2. If a team elects to play any teams outside of BR/CR they are NOT eligible for Post Season play.
3. **Single Teams** will need a special waiver from District and State Commissioners to participate in regular season play and District/State Tournament play.
4. The District Commissioner will certify a **Single Team** for post season play if the league president certifies that the team is NOT a travel team and the reason for having a single team in a division was because they did not have enough players in that age group to make more than one team.
